INDEPENDENT AUDITOR'S REPORT

To,
The Members of
MFL TRADING PVT LTD
5TH FLOOR BHANDARI HOUSE
91 NEHRU PLACE NEW DELHI 110019

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Ind As financial statements of **MFL TRADING PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2023, and the Statement of Profit and Loss, and the statement of changes in Equity, the cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March 2023, and its Loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Management Discussion and Analysis, Board's Reports including Annexure to Board Report, Business Responsibility Report, Corporate Governance and Shareholder Information, but does not includes the financial statements and auditor's report thereon.

Our opinion on the financial statement does not cover the other information and we do not express any form assurance conclusion thereon.

In connection with our audit of the financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If based on our work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the order'), issued by the Central Government of India in terms of Sub Section (11) of Section 143 of the Act is not applicable to the Company.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) As per Notification No. G.S.R. 583(E) dated 13th June, 2017, amendment to Notification No. G.S.R. 464(E) dated 5th June 2015 with respect to reporting on adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls is not applicable to the company.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us, we report that:
 - a) The Company does not have any pending litigations which would impact its financial position.
 - b) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - e)(i) The management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- e)(ii) The management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity, including foreign entities ("Funding Parties") with the understanding, whether recorded in writing or otherwise, that the company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party or provided any guarantee, security or the like on behalf of the Ultimate Beneficiaries and
- e)(iii) Based on audit procedures that the auditor has considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- f) The Company had not declared or paid any dividend during the year

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

Note No. – 7

A. SIGNIFICANT ACCOUNTING POLICIES.

7.1 Company Information

MFL Trading Private Limited (the Company) is a private limited company with registered office situated at 5th Floor, Bhandari House 91, Nehru Place New Delhi -110019.

7.2 Basis for preparation of Accounts

The accounts have been prepared in accordance with IND AS and Disclosures thereon comply with requirements of IND AS, stipulations contained in Schedule- III (revised) as applicable under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014, Companies (Indian Accounting Standards) Rules 2015 as amended from time to time, MSMED Act, 2006, other pronouncement of ICAI, provisions of the Companies Act and Rules and guidelines issued by SEBI as applicable. Assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in revised Schedule – III to the Companies Act, 2013.

7.3 Use of Estimates

Ind AS enjoins management to make estimates and assumptions related to financial statements that affect reported amount of assets, liabilities, revenue, expenses and contingent liabilities pertaining to the year. Actual result may differ from such estimates. Any revision in accounting estimates is recognized prospectively in the period of change and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.

7.4 Recognition of Income and Expenses

- a) Revenue from services are recognized in proportion to the stage of completion of transaction at the end of reporting period, and cost incurred in the transaction including same to complete the transaction and revenue (representing economic benefit associated with the transaction) can be measured reliably.
- b) Interest income from a financial asset has been recognised using effective interest rate method.
- c) Other incomes have been recognized on accrual basis in financial statements except for cash flow information.

7.5 Financial instruments

(i) Financial Assets

Initial Recognition and Measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.

A handwritten signature or mark, possibly initials, in black ink.

A handwritten signature or mark, possibly initials, in black ink.

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Financial Assets at fair value
- Financial assets at amortized cost

Where assets are measured at fair value, gains and losses are either recognized entirely in the statement of Profit and loss, or recognized in other comprehensive income.

A financial asset that meets the following two conditions is measured at amortized cost.

- **Business Model Test:** The objective of the company's business model is to hold the financial Asset to collect the contractual cash flows.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through OCI:-

- **Business Model Test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through profit and loss.

All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss, except for those equity investments for which the entity has elected irrevocable option to present value changes in OCI.

Investment in associates, joint venture and subsidiaries

The company has accounted for its investment in subsidiaries, associates and joint venture at cost.

Impairment of financial assets

The company assesses impairment based on expected credit losses (ECL) model at an amount equal to:-

- 12 months expected credit losses, or
- Lifetime expected credit losses

A handwritten signature in blue ink, consisting of a stylized 'R' followed by a flourish.

A handwritten signature in black ink, consisting of a stylized 'R' followed by a flourish.

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

Depending upon whether there has been a significant increase in credit risk since initial recognition.

However, for trade receivables, the company does not rack the changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

(ii) Financial Liabilities

All financial liabilities are initially recognized at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified as measured at amortized cost or fair value through profit and loss (FVTPL). A financial liability is classified as FVTPL if it is classified as held for trading, or it is a derivative or is designated as such on initial recognition. Financial Liabilities at FVTPL are measured at fair value and net gain or losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on de-recognition is also recognized in statement of profit and loss.

7.6 Fair Value Measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

(Handwritten mark)

(Handwritten signature)

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines Whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

7.7 Employee Benefits

Liabilities in respect of employee benefits to employees are provided for as follows:

Post Separation Employee Benefit Plan

i) Defined Benefit Plan

- Post separation benefits of Directors on the basis of actuarial valuation as per IND AS-19.
- Gratuity Liability on the basis of actuarial valuation as per IND AS-19. Liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of each reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of defined benefit is determined by discounting the estimated future cash outflows by reference to market yield at the end of each reporting period on government bonds that have terms approximate to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the statement of profit and loss.
- Company contributes its share of contribution to Employees Provident Fund Scheme Administered by a separate trust with its obligation to make good the shortfall, if any, in trust fund arising on account of difference between the return on investments of the trust and the interest rate on provident fund dues notified periodically by Central Government.
- Actuarial gain / loss pertaining to i & ii above and other components of re-measurement of net defined benefit liability (asset) are accounted for as OCI. All remaining components of costs are accounted for in statement of profit & loss.

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

7.8 Income Tax and Deferred Tax

The liability of company on account of Income Tax is computed considering the provisions of the Income Tax Act, 1961.

Deferred tax is provided using balance sheet approach on temporary differences at the reporting date as difference between the tax base and the carrying amount of assets and liabilities. Deferred tax is recognized subject to the probability that taxable profit will be available against which the temporary differences can be reversed.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other Comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of Investments in subsidiaries and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

7.9 Provisions, Contingent Liability and Contingent Assets

Disputed liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax Excise etc.) Pending in appeal / court for which no reliable estimate can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts.

However, present obligation as a result of past event with possibility of outflow of resources, when reliable estimation can be made of the amount of obligation, is recognized in accounts in terms of discounted value, if the time value of money is material using a current pre-tax rate that reflects the risk specific to the liability.

No contingent asset is recognized but disclosed by way of notes to accounts.

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

7.10 Foreign Currency Translation

The company's financial statements are presented in INR, which is also the company's functional currency.

- a) Transactions in foreign currencies are recognized at rate of overseas currency ruling on the date of transactions. Gain / Loss arising on account of rise or fall in overseas currencies vis-à-vis functional currency between the date of transaction and that of payment is charged to Statement of Profit & Loss.
- b) Monetary Assets in foreign currencies are translated into functional currency at the exchange rate ruling at the Reporting Date and the resultant gain or loss, is accounted for in the Statement of Profit & Loss.
- c) Non-Monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
- d) Impact of exchange fluctuation is separately disclosed in notes to accounts.

7.11 Earnings per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributed to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

7.12 Borrowing Cost

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale.

Borrowing cost consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred.

7.13 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

7.14 Property, Plant and Equipment

Cost:-

Property, Plant & Equipment held for use in the production or supply of goods or services, or for administration purposes, are stated in the balance sheet at cost (net of duty/tax credit availed) less accumulated depreciation and accumulated impairment losses. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commence when the assets are ready for their intended use.

Depreciation/Amortization:

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period with the effect of any changes in estimate accounted for on a prospective basis.

Fixed assets are stated at cost of acquisition and subsequent improvement thereto, including taxes, duties, freight and other incidental expenses related to acquisition and installation.

Depreciation is provided on the written down value at the rates and in the manner specified in Schedule II of the Companies Act, 2013. Schedule II prescribes useful lives for fixed assets.

However, allows companies to use higher/ lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the financial statements.

7.16 Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

7.17 Impairment

(i) Impairment of Financial Assets

The company assesses impairment based on expected credit losses (ECL) model at an amount equal to:-

- 12 months expected credit losses, or
- Lifetime expected credit losses

Depending upon whether there has been a significant increase in credit risk since initial recognition.

However, for trade receivables, the company does not track the changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

(ii) Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

7.17 Current versus Non-Current Classification

The company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An Asset is current when it is:

- a) Expected to be realised or intended to be sold or consumed in the normal operating cycle.
- b) Held primarily for the purpose of trading.
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or Cash Equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as Non- Current

A Liability is current when it is:

- a) Expected to be settled in the normal operating cycle.
- b) Held primarily for the purpose of trading.
- c) Expected to be realised within twelve months after the reporting period, or
- d) There is no conditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as Non- Current.

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

7.18 Cash Flow Statement

Cash Flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

B. NOTES ON ACCOUNTS.

7.24 Financial risk management objectives and Policies

The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk, credit risk and liquidity risk. The company's overall risk management policy seeks to minimize potential adverse effects on company's financial performance.

Rakesh Thakur *Nawal Kumar*

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069
Notes Forming Part of The Balance Sheet and Profit & Loss Statement

(i) Market Risk: Market risk is the risk that the fair value of future cash flow of financial instruments will fluctuate because of change in market prices. Market risk comprises mainly three types of risk: interest rate, currency risk and other price risk such as equity price risk and commodity price risk.

(a) Foreign Currency Risk: The Company's transactions do not expose the company to exchange rate fluctuations. The operations of the Company are INR based. INR is its functional currency.

Interest rate risk:-Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost effective method of financing.

(b) Interest Rate Sensitivity: Interest rate risk is the risk that the fair value of future cash flow of financial instruments will fluctuate because of change in market interest rates. The Company has not taken any loan from bank & financial institutions; hence there is not any interest rate risk.

(c) Equity Price Risk: The Company has not equity investment except investment in Subsidiary Company. The Subsidiary company investment to be shown at Carrying value as at the date of transition to IND AS, measured as per previous GAAP are treated as their deemed costs as at the date of transition.

(ii) Credit Risk:

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, Inter Corporate deposit, derivative financial instruments, other balances with banks, loans and other receivables.

Credit risk arising from investment derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Balance with banks & fixed Deposits
- ii. Financial assets measured at amortized cost (other than trade receivables)
- iii. Others

Trade Receivables: Customer credit risk is managed through the company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on the security held in his account. Outstanding customer receivables are regularly monitored. At the year end, the company does not have any outstanding trade receivable.

A handwritten signature or initials in black ink, possibly "M".

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

Balance & fixed Deposits with banks: Credit Risk from balances & Fixed Deposits with banks is managed by the Company's Finance Department in accordance with the company's policy. Investments of surplus funds are made only with banks as fixed deposits.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31.03.2023 & 31.03.2022 is the carrying amounts as summarized in Note No. 1.

Other Assets: The Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. Subsequently, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'. The balance sheet presentation for financial instruments is described below:

Financial assets measured as at amortized cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

(iii) Liquidity Risk: Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company monitors its risk of a shortage of funds using future cash flow projections. The Company manages its liquidity needs by continuously monitoring cash flows from customers and by maintaining adequate cash & cash equivalent. The Company's objective is to maintain a balance between continuity of funding and flexibility through shareholder funds or borrowings from the holding company or sister concerns

7.25 Fair Valuation Techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.

A handwritten signature or initials, possibly "R", written in blue ink.

A handwritten signature or initials, possibly "nd", written in black ink.

MFL TRADING PRIVATE LIMITED
CIN NO. U51109DL2010PTC208069

Notes Forming Part of The Balance Sheet and Profit & Loss Statement

3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

4) Fair value of Investments in quoted non-current Equity Shares are based on quoted market price at the reporting date.

5) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorized within the fair value hierarchy, described as follows: -

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

The following table presents the fair value measurement hierarchy of financial assets and liabilities, which have been measured subsequent to initial recognition at fair value as at 31st March, 2023, 31st March 2022 and 1st April 2020: *a*

(No financial assets.)
